

## Microencapsulated Flaxseed Oil Powder, 50%

Cat. No. NEFA-0009

Lot. No. (See product label)

<b>Product Name</b>	Microencapsulated Flaxseed Oil Powder, 50%
<b>Common Name</b>	Microencapsulated Flaxseed Oil Powder, 50%
<b>Synonyms</b>	Microencapsulated Flaxseed Oil Powder, 50%
<b>Description</b>	Microencapsulation can effectively protect the oil, reduce the oxidative rancidity during the storage process, and greatly provide the convenience of the oil. Powdered oils have been used as seasonings in the production of biscuits and breads, as well as ingredients for instant desserts, ice cream and seasoning powders. For highly unsaturated fatty acids, microencapsulation can effectively reduce the possibility of oxidative deterioration. At the same time, for fishy or odorous oils, microencapsulation can also mask odors.
<b>Product overview</b>	Flaxseed oil is high in omega-3 fatty acids and has been shown to have several health benefits, such as reduced blood pressure and improved regularity. Flaxseed oil can be used in a variety of ways. It can be used as a replacement for other types of oils, added to foods or applied to your skin and hair.
<b>Morphology &amp; Appearance</b>	White to off-white free-flowing powder
<b>Storage</b>	Store at room temperature
<b>Application</b>	Hard capsules, gummies, beverages, energy bars, and pet food
