

Carboxy Methyl Cellulose, Tobacco papermaking

Cat. No. NAT-210

Lot. No. (See product label)

cat	NAT-210
Product Name	Carboxy Methyl Cellulose, Tobacco papermaking
Description	Degree of substitution (D.S):0.7 Chloride(NaCl-%): ≤3 Loss on drying(≤%):10
Application	CMC With good adhesion, film build and maintain water performance Effectively reduce the tar content of tobacco. Itself non-toxic odorless and has a burn performance.
pH	6.0-8.5
(inherent) viscosity	800-1200 (2% Water solvent 25°C, mPa.s)
