

## **Curcumin@lipid nanoparticles-cyclic peptide arginine-glycine-aspartic acid**

Cat. No. LNP-166

Lot. No. (See product label)

|                           |                                                                            |
|---------------------------|----------------------------------------------------------------------------|
| <b>Product Name</b>       | Curcumin@lipid nanoparticles-cyclic peptide arginine-glycine-aspartic acid |
| <b>Alias</b>              | Curcumin@LNP-cRGD; Curcumin modified LNP-cRGD                              |
| <b>Size</b>               | 10 mg; 50 mg; 100 mg                                                       |
| <b>Appearance</b>         | Solid                                                                      |
| <b>Solubility</b>         | Has certain dispersibility and solubility in water                         |
| <b>Description</b>        | Curcumin@LNP-cRGD is a novel nanocompound delivery system.                 |
| <b>Applications</b>       | Drug delivery                                                              |
| <b>Storage</b>            | -20°C, protected from light                                                |
| <b>Purity</b>             | 95%+                                                                       |
| <b>Shelf Life</b>         | 1 Year                                                                     |
| <b>Shipping Condition</b> | Low temperature transport                                                  |
