

## Clodronate LNP, clodronate liposomes

Cat. No. R-LZT-6005

Lot. No. (See product label)

|                           |                                                                                                                                    |
|---------------------------|------------------------------------------------------------------------------------------------------------------------------------|
| <b>Alias</b>              | Clodronate LNP                                                                                                                     |
| <b>Appearance</b>         | suspension                                                                                                                         |
| <b>Molecular Formula</b>  | N/A                                                                                                                                |
| <b>Solubility</b>         | soluble in water                                                                                                                   |
| <b>Storage</b>            | -20°C, protected from light                                                                                                        |
| <b>Purity</b>             | 95%+                                                                                                                               |
| <b>Shelf Life</b>         | 1 year                                                                                                                             |
| <b>Shipping Condition</b> | low temperature transport                                                                                                          |
| <b>Application</b>        | biological research                                                                                                                |
| <b>Specification</b>      | 10mg : Inquiry<br>20mg : Inquiry<br>50mg : Inquiry                                                                                 |
| <b>Description</b>        | Clodronate liposome is a nanoscale drug carrier that encapsulates clodronate (such as clodronate disodium) within a lipid bilayer. |
| <b>Supplier</b>           | Xi'an Ruixi                                                                                                                        |
